Any cast member who is interested in caddying during this exciting event on one of their regularly scheduled days off should contact **Chris** at extension 4601 or **Ricardo** at extension 4206.

WATCH HOW YOU DRIVE . . . WE WANT TO KEEP YOU ALIVE!

Every afternoon the rush begins . . . cast members hurry to their cars and make a dash to the employee exits. We've all seen the scene too many times . . . passing on a curve to get one car ahead . . . speeding down narrow roads . . . driving recklessly to get somewhere a few minutes faster. We've also seen the accidents that happen when people are in too big of a hurry.

Accidents can happen whether you're driving carefully or not. It's not always what you do that counts, sometimes it's the other guy.

Watch out for the other guy and watch out for yourself . . . we don't want you to be another statistic!

THE UNITED WAY IS WORKING!

Our United Way Campaign has only been underway for two weeks and we've already reached 30% of our total goal of \$225,000. Many of our cast members from around the property have been assisting our United Way Campaign Chairman, **Jill Krotky**, tabulate the United Way Campaign pledge cards as they arrive. Thanks to your contribution our United Way Campaign is working!

CAST INVITED TO VISIT DISCOVERY ISLAND/ RIVER COUNTRY

Cast members and their immediate families are invited to a complimentary visit to **Discovery Island** and **River Country** from now through **November 5**.

Cast members visiting **Discovery Island** must show their Disney I.D. to the watercraft launch driver and the ticket taker at the island.

Although the opportunity to visit **River Country** covers the same time period, cast members will only be permitted to visit the attraction Monday through Friday due to capacity problems on the weekends. Cast members should park in the **River Country** parking lot, show their Disney I.D. to board **River Country** transportation and again at the **River Country** entrance.

Cast members should accompany their guests and should only bring their immediate family members.

We hope that all cast members will take advantage of this opportunity to see **Discovery Island** and **River Country**.

MICKEY'S LIMITED EDITION BIRTHDAY PORTRAITS HERE NEXT WEEK

The 50th anniversary of the little guy who started it all for us calls for something special indeed, and arrangements have been made for a birthday present to us . . . members of Mickey's special family.

Limited edition quality prints of Mickey's 25th and 50th year birthday portrait, presented together in a handsome portfolio, will be made available for purchase to winners of a special employee-only **drawing**. Each of the prints are signed and numbered by the artist, WED's Executive Vice President **John Hench**.

This company-wide drawing for 750 portrait sets will be held during Mickey's birthday week in November. The cost of each set is \$50.

Any and all proceeds to the Disney sponsored **California Institute of the Arts**.

WED Vice President John Hench with his official birthday portraits.

Eligibility is limited to one set per employee, and payroll deduction is available in five equal installments of \$10 each.

John Hench's original oil portraits will be on display in the Cast Activities Lounge **October 23 through 28**, on loan from our California offices. Available will be interest cards you can fill out to participate in the drawing for a portfolio set. All interest cards must be turned back into Cast Activities no later than November 1st.

The inspiration for the portfolios came from John's long association with Mickey Mouse, beginning in 1939 at the old Hyperion Studio. Each portrait displays a dynamic personality, and 50 years later, Mickey still has a dignity befitting a celebrity of his age. But his showmanship hasn't aged at all; as John puts it, "He's in front of the EPCOT model to show he definitely hasn't gone into retirement!"

John Hench regards Mickey as the very personification of our company's evolution . . . "Mickey was, and is, something of Walt's. He came to stand for Walt Disney Productions and for all of our achievements. And now he is pointing our way to the future."

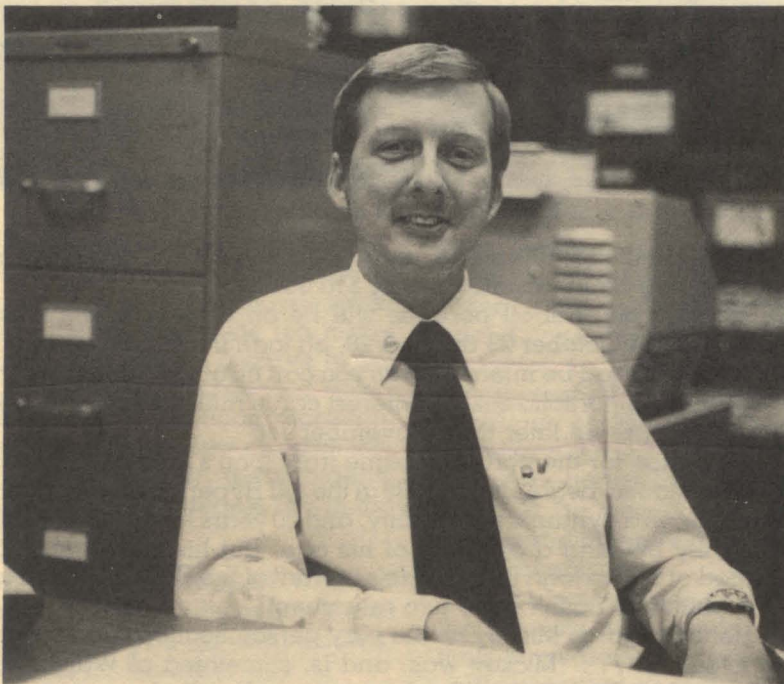

"It Takes People"

Here's one cast member who went West to see his company's "roots" . . . it's **Art Blowers** of CEP's Solid Waste Crew, another of our original cast members. Art recently won Star's Hall of Fame's "Dream Come True" contest of four days and three nights in California, including a guided tour of Universal City, Beverly Hills and Anaheim. But when his co-workers at Solid Waste heard about the trip, they immediately arranged for a special tour of WED, MAPO and backstage Disneyland for Art! Art was born in Cortland, New York, and held a wide variety of jobs before joining our cast; ranging from construction, building materials, gas stations, Sanitation Department of City of Orlando and American Van Lines. He joined the cast in June of 1971 in the Solid Waste Department, and has been there ever since! Art told us that when he is not at work, he especially enjoys bowling and fishing.

Part of the "show" here at Walt Disney World is in our costumes; they create a mood and complement the theme of our lands. **Peaches Brinson** of our Wardrobe department helps make those costumes "just right". Peaches joined our cast in 1976 in Wardrobe issue and later transferred into the alterations department. Now she spends her time fitting costumes for performers in the many shows we have here at Walt Disney World. Originally from Orlando, Peaches really enjoys "show business", and her favorite activity is singing. In fact, she put on a performance at a department party and her co-workers said she was a "smash." Peaches is presently studying belly dancing and plans to be good enough by December to perform. She also enjoys writing poetry and prose and would one day like to write her own biography. When she's not busy working or performing, Peaches spends her free time with her son Jeffery.

Our United Way Campaign has been underway for over a week now and our United Way Coordinators from every division have been giving presentations to cast members to explain what the United Way is. One coordinator who already knew a lot about charitable organizations was **Jim Geiger**, Supervisor of Microfilm and Records Retention in the Services Division. Jim is a native Orlandoan, graduating from Winter Park High School and University of Florida. While in college Jim spent three months studying business in Yugoslavia and later completed graduate studies in Arizona. Jim then returned to Central Florida and began his career at Walt Disney World; he also returned to community activities. Jim is presently on the Board of Directors of TEBRA, Team Endurance Bicycle Racing Association, which is a non-profit organization to promote cycling and to raise funds for charities, primarily Muscular Dystrophy. This past year he helped place interested cast members on teams to compete in the annual 24 hour bicycle race. He is also involved in many church activities and serves as a church Deacon. To help his own community, Jim became involved in local politics. As a Precinct Committee Person to help encourage other citizens to vote. Despite his many civic-minded activities, Jim told us he really didn't understand the United Way until he toured the many local agencies which are supported by United Way contributions. Now he says he's proud to pledge his "Fair Share" to help his community!

If you decide to join, then you pay your \$20 membership fee prior to the first lessons and on the first of each month following that.

Now, let's meet our instructor. Alan Burnette moved to Orlando from Alabama in 1969 as a student of Rollins College in Winter Park. He got into karate the following year, and moved up to black belt and instructor in 1973, teaching martial arts at Rollins College, his alma mater. In 1977, he was ranked as one of the top ten black belts in the South, heavyweight division, by **KARATE ILLUSTRATED** Magazine. And we emphasize "heavyweight division," because at 6'6" and 215-pounds, Alan is an **impressive** sight in action!

Alan has been a full-time instructor at Olympic Karate for over three years, teaching over 1,000 students martial arts. You now have the opportunity to become a student of his as a member of our **Karate Club**.
